Harmon C. McAllister, Ph.D.  
Associate Research Director  
The Council for Tobacco Research -  
U.S.A., Inc.  
900 Third Avenue  
New York, N.Y. 10022

Dear Dr. McAllister

I want to thank you once again for your contribution to our First Annual Alexis Carrel Symposium on Lipid Mediators in Organ Transplantation. The final program does, unfortunately, not include your organization. The name, however, will occur on the list of chairmen which will include additional sponsors. This list will be enclosed in the program.

We have a registration slot for a representative from CTR, however, if your representative wants to attend the evening at the French Embassy on the Tuesday night, we will need the name for security reasons.

Sincerely,

Marie L. Foegh, M.D., D.Sc.  
Associate Professor of Surgery  
and Director of Research  
206 Kober-Cogan Building
